

Alena Gladkova

Technical Product Manager

HUSK Wellness

To Whom It May Concern,

I have had the distinct honor of working closely with August Brown for over 1.5 years at HUSK Wellness, where he has consistently impressed me with his technical expertise, dedication, and leadership in software development.

As a software developer, August has been instrumental in numerous critical projects that have significantly contributed to our company's success. We have collaborated on initiatives such as rebranding our marketplace and main website, integrating third-party APIs to enhance member experience, and rebuilding our e-commerce shopping cart. His proficiency spans both front-end and back-end development, utilizing technologies such as PHP, Symfony, MySQL, ReactJS, Twig, HTML, CSS, and JavaScript to deliver polished and user-friendly solutions.

August's ability to bridge communication across teams has been exemplary. He effectively gathers requirements from stakeholders across design, marketing, finance, operations, and sales, ensuring that all perspectives are integrated into the development process. His leadership qualities shine through his proactive approach to project management, fostering a culture of continuous learning and improvement within our development team.

One of August's standout traits is his reliability in meeting deadlines without compromising on quality. His exceptional communication skills and willingness to go above and beyond expectations have consistently impressed both colleagues and supervisors alike. August actively participates in roadmap planning, daily stand-up meetings, backlog grooming, and sprint planning, demonstrating his commitment to project success and team cohesion.

August's contributions to our team have been invaluable, and I have no doubt that he will bring the same level of dedication and expertise to any future endeavors. He is not only a talented developer but also a proactive and collaborative team member who would be a tremendous asset to your organization.

Please feel free to contact me at 314-295-7504 or [alena.gladkova07@gmail.com](mailto:alena.gladkova07@gmail.com) if you would like to discuss August's qualifications in more detail. I wholeheartedly recommend him for the software developer position at your company and am confident that he will excel in any role he undertakes.

Sincerely,

Alena Gladkova.
